

## **Volume 33, Issue 5. October 2018**

**Short-Term Effects of Cold Liquids on the Pharyngeal Swallow in Preterm Infants with Dysphagia: A Pilot Study.** Louisa Ferrara,Ranjith Kamity,Nazeeh Hanna. Pages: 593 - 601

**Superior and Anterior Hyoid Displacement During Swallowing in Non-Dysphagic Individuals** James Curtis, Jonelyn Langenstein, Sarah Schneider. Pages: 602 - 609

**Neural Mechanisms of Swallowing Dysfunction and Apraxia of Speech in Acute Stroke.** Lydia A. Trupe,Rachel W. Mulheren, Marlís González-Fernández. Pages: 610 - 615

**Double Blind Study Investigating the Effect of Different Voice Prostheses on Ease of Swallowing and Residue Post Laryngectomy.** Margaret M. Coffey, Neil Tolley, Mary Hickson. Pages: 616 - 626

**Maturation of the Coordination Between Respiration and Deglutition with and Without Recurrent Laryngeal Nerve Lesion in an Animal Model.** Ashley Ballester,François Gould, Rebecca German. Pages: 627 - 635

**Race Differences in Gastrostomy Tube Placement After Stroke in Majority-White, Minority-Serving, and Racially Integrated US Hospitals.** Roland Faigle, Lisa A. Cooper, Rebecca F. Gottesman. Pages: 636 - 644

**Reliability of Untrained and Experienced Raters on FEES: Rating Overall Residue is a Simple Task.** Jessica M. Pisegna, James C. Borders, Susan E. Langmore. Pages: 645 - 654

**Temporal Trends of Pediatric Dysphagia in Hospitalized Patients.** Joshua Horton, Carlyn Atwood, Clarice Clemmens. Pages: 655 - 661

**Screening for Dysphagia in Adult Patients with Stroke: Assessing the Accuracy of Informal Detection.** Victoria Sherman, Heather Flowers, Rosemary Martino. Pages: 662 - 669

**Factors Contributing to Hydration, Fluid Intake and Health Status of Inpatients With and Without Dysphagia Post Stroke.** Jo Murray, Ingrid Scholten, Sebastian Doeltgen. Pages: 670 - 683

**Correlation of Patient- and Physician-Scored Dysphagia with Videofluoroscopies in Patients Treated with Radiotherapy for Head and Neck Cancer.** D. NevensA. GoelevenS. Nuyts. Pages: 684 - 690

**Longitudinal Evaluation of Swallowing with Videofluoroscopy in Patients with Locally Advanced Head and Neck Cancer After Chemoradiation.** Ekaterini Xinou, Ioannis Chrysogonidis, Athanasia Printza. Pages: 691 - 706

**Speech Therapy as Treatment for Supragastric Belching.** Liesbeth ten Cate, Thomas V. K. Herregods, Albert J. Bredenoord. Pages: 707 - 715

**Cilostazol is Effective to Prevent Stroke-Associated Pneumonia in Patients Receiving Tube Feeding.** Shizuka Netsu, Atsushi Mizuma, Shunya Takizawa. Pages: 716 - 724

**An Unusual Case of Heartburn and Esophageal Stenosis.** M. J. Fernández-Aceñero, J. M. Riesco, R. Campos. Pages: 725 - 727

**The Importance of Considering Anatomical Variables in High-Resolution Manometry Measurements.** Donghwi Park. Pages: 728 - 729
